

Commuter Representatives

2007-2008 Chairs: Abby Diffenderfer ('08) and Karl Little Owl ('10)

Description: These representatives are charged with communicating non-residential student issues to the SGA and vice-versa

Primary Contacts:

2007-2008 Goals and Accomplishments: The representatives have been devoted to strengthening the voice of commuters on campus and keeping them informed of changes and decision processes that they can be involved in. They have done this via a commuter newsletter, regular luncheons with administrators present, and "Donut Days". They were also involved in the Public Safety decision to move and restrict commuters to parking in Lot 8. There is a current move to find a space in 1st floor McGowan that is strictly for the commuter students.

Advice from Prior Chairs: No Report Submitted

Executive Board Goals for the 2008-2009 Commuter Representatives: We would like to see the commuter chairs push for a larger lounge space and take the steps necessary to bring this discussion to a larger audience outside the realm of SGA.
