

## **Dining Services Committee**

**2007-2008 Chairs: Nicole Shilling ('10) and Anna Scull ('11)**

**Description:** The liaison between SGA and Dining Services, the committee is responsible for bringing concerns heard in SGA to the director of Dining Services.

**Primary Contacts:** Director of Dining Services, Howard Williams

### **2007-2008 Goals and Accomplishments:**

*Healthy Options:* A healthy dining plan was organized in 2007 and steps were taken to ensure the continuation and implementation of this plan in 2008.

**Advice from Prior Chairs:** Meetings scheduled with Howard are preferable to email. Contacting the publicity committee to work in accordance with Dining Services to better advertise healthy meal options

**Executive Board Goals for the 2008-2009 Dining Services Committee:** Colleges and Universities across the nation have begun to discuss the environmental impact of dining trays. Some have even elected to cease their distribution all together. Similarly, we would like to explore the options out there, and question the student body on this manner. Additionally, we feel that more goals need to be set throughout the course of the year.
